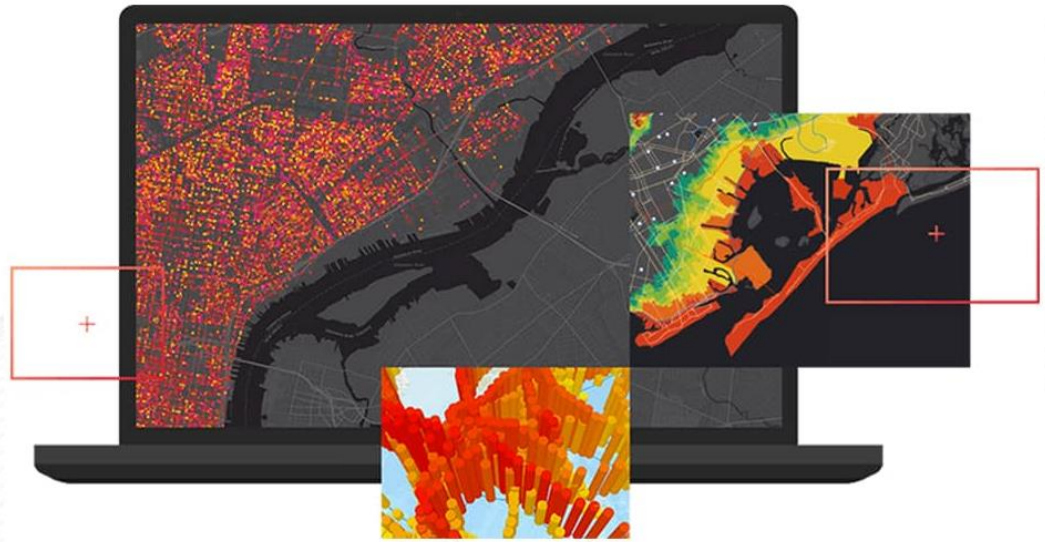
Esri GIS School Program Europe

Preparing young people for bright futures with digital and geospatial skills.



Our pledge

In support of the European Commission's Digital Skills and Jobs Coalition, Esri has pledged no-cost GIS software and resources to European primary and secondary schools. Vocational institutions are eligible for this program as well. Participating organizations receive cloud-based GIS tools that allow students to learn flexibly, strengthening spatial thinking and build problem-solving skills as they prepare for a variety of twenty-first-century careers.
